You can play Smash Up Derby 2 Demo without any changes to its files or registry on most of the computer operating systems: Windows 7, 8.1, 10, 8, XP.Q: Concatenate in VBA vba code I have the following code: For i = 1 To end - 1 If mid(array(i, 1), 1, 3) = "" Then End If Next i But I want to do this not like that, and also add the "sum" result. Any solution? For i = 1 To end - 1 If mid(array(i, 1), 1, 3) = "" Then sum = sum + mt(1,1) End If Next i The above code is not working, I would like the best solution. Thanks A: Maybe this is a closer approach: Function Sum(arr As Variant) As Long Dim c As Long c = 0 For i = LBound(arr) To UBound(arr) If IsNumeric(arr(i, 1)) Then If Mid(arr(i, 1), 1, 3) = "" Then Sum = Sum + CDbl(arr(i, 1)) End If Else Sum = 0 End If Next i End Function Sub test() 570a42141b
